Mini-Project Presentation

Mini-Project
Soundgates – Interactive Music Synthesis on FPGAs

UNIVERSITÄT PADERBORN
Die Universität der Informationsgesellschaft

Outline

- Objectives

- Ideas

- Overview
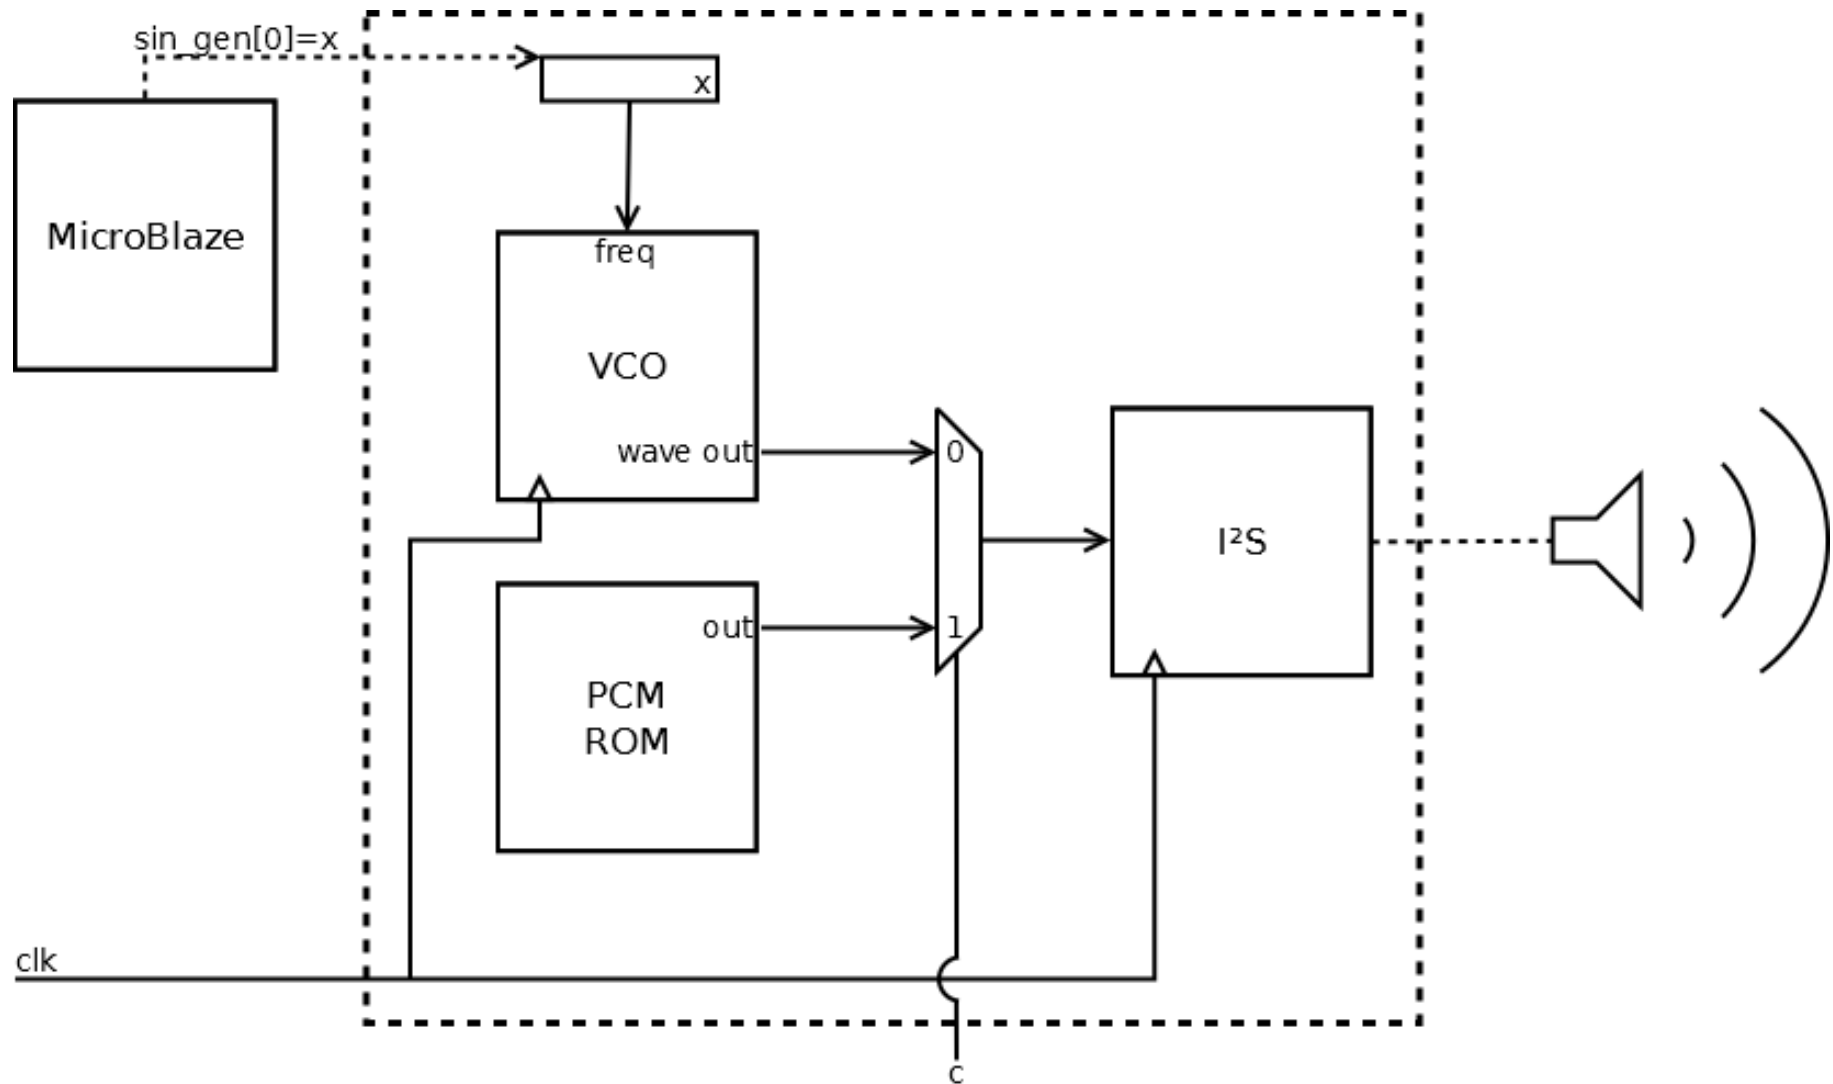

- Live demo

- Prospect

Objectives

- Objective of supervisors:

  Get sound of out the PmodAMP3 Sound Module

- Group objectives:

  – Possibility to play different sounds controlled with hardware buttons

  – Possibility to play well known sounds

UNIVERSITÄT PADERBORN
Die Universität der Informationsgesellschaft

Ideas for the implementation

- Convert WAVE files to a ROM

- Usage of the CORDIC algorithm to play sine and cosine waveforms

- MIDI controlling of the CORDIC
